OUR COVER PICTURE

The saying "the ball is round" is not true all the time. The photograph was taken by a Heidelberg (West Germany) photographer, Elfriede Winterer at a Division 1 game.

The ball is only round when at rest and quite considerable deformities can occur when kicked or headed hard.

The eye cannot detect changes as the deformity only lasts a fraction of a second, the ball immediately regaining its original circular shape after impact due to the air inside.

The photograph, which won an award from sports journalists, was taken at the exact moment of maximum impact.

(With acknowledgements to FIFA News which originally published the picture and details.)

1969—South Melbourne Hellas

At last! This must have been the thoughts of the S.M. Hellas team, officials and supporters. The club had yet to win a major cup series and with a not-so-strong team as in some previous years could not have been feeling extra optimistic. South Melbourne played one of its best games in the semi-final against George Cross winning a typical tough cup-tie encounter 3-2 after extra time.

In the final Frank Micic put them one up early on and a penalty from Diamianakos gave them a 2-0 lead in the first half. Hargreaves scored to make the score 2-1 just on half time and Croatia were battling with only ten men, Duncan Mackay being sent off following the penalty goal. In spite of this handicap Croatia were still in the game as South Melbourne went on the defensive but held on to their lead to run out winners 2-1 and at the time of going to press will play the winners of the Sydney Ampol Cup Final, Prague. The interstate encounter will be two legs, in Sydney on 26th March and Melbourne on 2nd April.
